

Denver Digs Trees Participant Release and Waiver of Liability

I have elected to participate in The Park People's *Denver Digs Trees* program. In consideration of the opportunity to receive a tree and other services provided, I agree not to sue and forever release, waive, and discharge The Park People, a Colorado nonprofit organization ("TPP") and its employees, officers, directors, attorneys, members, managers, volunteers, agents, training partners, sponsoring agencies and entities, and all unincorporated municipality and city partners and their respective successors, assigns, and affiliates ("Released Entities") from any and all liability to me or my personal representatives, assigns, heirs, children, dependents, spouses, and relatives for any and all claims, causes of action, losses, judgements, costs, demands, or damages that are caused by or arise from any injury to me (up to and including death) or loss or damage to my property in connection with my participation in the *Denver Digs Trees* program regardless of the cause(s) of such injury, loss, or damage. I assume all risks associated with my participation in the program. I agree to defend, indemnify, and hold harmless the Released Entities from and against any and all liabilities, claims, causes of action, losses, judgements, costs, demands, or damages of any nature whatsoever arising from any damage, loss, or injury (up to and including death) caused by me, in whole or part, or directly associated with my actions or inactions in connection with the *Denver Digs Trees* program.

I understand that trees are living things that require attention and nurturing, and that there is a chance my tree(s) will not survive. I further understand that the Released Entities make no guaranties about the health or survival of my tree(s), and I hereby release any claims, causes of action, losses, judgements, costs, demands, or damages associated with the potential death of my tree(s). I acknowledge that the Released Entities are not responsible for the removal or replacement of any tree(s) that may die.
